

# CLOVERLAND FAIRS

**For the Farmer, the Mining Man, the Lumberman, the Manufacturer, the Housewife, the Boy and Girl—for Red-blooded Men and Women in Every Walk of Life—the County Fair Holds a World of Interest.**

**Watch the Papers  
for plans for  
Your  
County Fair**

**Cloverland will  
have from 12 to 15  
County Fairs  
This Fall**

It is a singular circumstance, but true, that the dates for the various events are arranged to permit an automobile trip through Cloverland, taking in almost every fair.

There will be agricultural displays, mining, lumbering, wood-working and other features which are carried out in Cloverland.

There will be economics displays for the women, and the same for boys and girls.

There will be horse racing, auto and motorcycle racing, carnival shows and other outside attractions.

Cloverland's fairs are for old and young alike—for the expert professional and the mildly curious.

It is a big "get-together" time for both country and city folk.

It is the farmer's one holiday a year—and at a time when the crops are in and the heaviest work is done.

It is an annual conference of farmers, manufacturers, dairymen and of all classes and trades, when one learns the work of the other and thus improves his own usefulness and adds greater efficiency to his own job.

## HOW TO GET THERE

**Write The Upper Peninsula Development Bureau  
MARQUETTE, MICHIGAN**
